

# REESE LIPPAI

## STUDENT IT SUPPORT

Saskatoon, SK

306-740-7271

reeselippai@gmail.com

### OBJECTIVE

Seeking full time work for the summer of 2023. Intending on going to the University of Saskatchewan in Saskatoon in the fall of 2023, to earn a degree in Computer Science.

### EXPERIENCE

June – August 2022 | **Full Time**

#### **Kaposvar Historic Site**

Groundskeeper, Caretaker and Tour Guide. Worked well under minimal supervision and experienced using groundskeeping equipment and carrying heavy objects

March 1, 2021 – Jan 2022 | **Part Time**

#### **Esterhazy Family Foods**

Trained on the front till. Mostly worked cleaning and sanitizing the meat department in the evenings a couple times a week. Good with routine tasks and time management in stressful situations

December 2020 – June 2021 | **Casual**

#### **Good Spirit School Division**

Worked as a Caretaker/Janitor. Duties included all janitorial work needed to clean, sanitize, and disinfect classrooms during the pandemic. Skills practiced were similar to the ones used in the Historic Site

May – August 2019 | **Part Time**

#### **Carlton Trail Regional Park**

Duties included food prep, dishwashing, serving and collecting cash. Stressful situations were frequent and routine

Spring & Fall of 2018 | **Volunteer**

#### **Esterhazy High School**

Travelled with the Esterhazy Jr. & Sr. Warriors Football team as a Videographer, capturing video of games and downloading them onto the HUDL website for the players, families and coaching staff

### EDUCATION

#### **Most Recent**

**June 2, 2023**

Will have completed Computer Systems Technology  
(Sask Polytech, Saskatoon SK)

**Jan-Apr 2021**

Completed Workplace Communications online course  
(Sask Polytech, Moose Jaw SK)

**March 2020**

Completed Gr. 12  
(Esterhazy High School, Esterhazy SK)

**May 12, 2017**

Completed Young Worker Readiness Course  
(Work Safe Saskatchewan, Esterhazy SK)

**June 10, 2022**

Completed first year of Computer Systems Technology  
(Sask Polytech, Regina SK)

**Sept-Dec 2020**

Completed Organizational Behavior online course  
(Sask Polytech, Moose Jaw SK)

**April 25, 2019**

Completed Food Safe Course  
(Saskatchewan Health Authority, Regina SK)

**April 26, 2017**

Completed Level B CPR  
(St. John's Ambulance, Esterhazy SK)

*Least Recent*

### SKILLS & INTERESTS

- Coded in Java and creating interfaces in JavaFX (most of my coding experience is with object-oriented languages) through college and high school, such as games that used custom objects, enumerators, sorting algorithms, random numbers, and threads
- Rebuilt/used data structures such as ArrayList, LinkedList, Binary Search Trees, and open-addressing/closed-addressing hashtables in C#
- Processed data in Excel, Access and SQL (as well as created macros with Visual Basic) to create fully functional tables/spreadsheets using queries
- Built and tested frontends using Vue with Vuex and JavaScript to create frontends with functional CRUD interfaces on a TypeScript/TypeORM/SQL backend and a JSON server
- Operated on full-stack web-development projects with a team; the first one was using Java and Javalin, and the second with JavaScript, Node.js and Neo4J to make a new scheduler for Elev8
- Mobilized projects primarily using Agile development and paired programming
- Collaborated with a team to find cost-effective computer components over two months to create a 30+ page proposal for a mock company

- Another such team project was using rebuilding a website (Yale's school of art) from scratch and using Bootstrap and a revised UI to make it look more professional
- Programmed android apps using Android Studio in Java, creating GUIs with multiple form inputs, one such project being a D&D application capable of recording text into memory, rolling dice, and sending automatic notifications
- Studied operating systems, networking, security, and hardware
- Took apart and put together computers in labs, as well as built a personal computer
- Methodical Perfectionist, pays attention to detail
- Class 5 Drivers License
- Operation of Bobcat & Mowers
